22/05/26

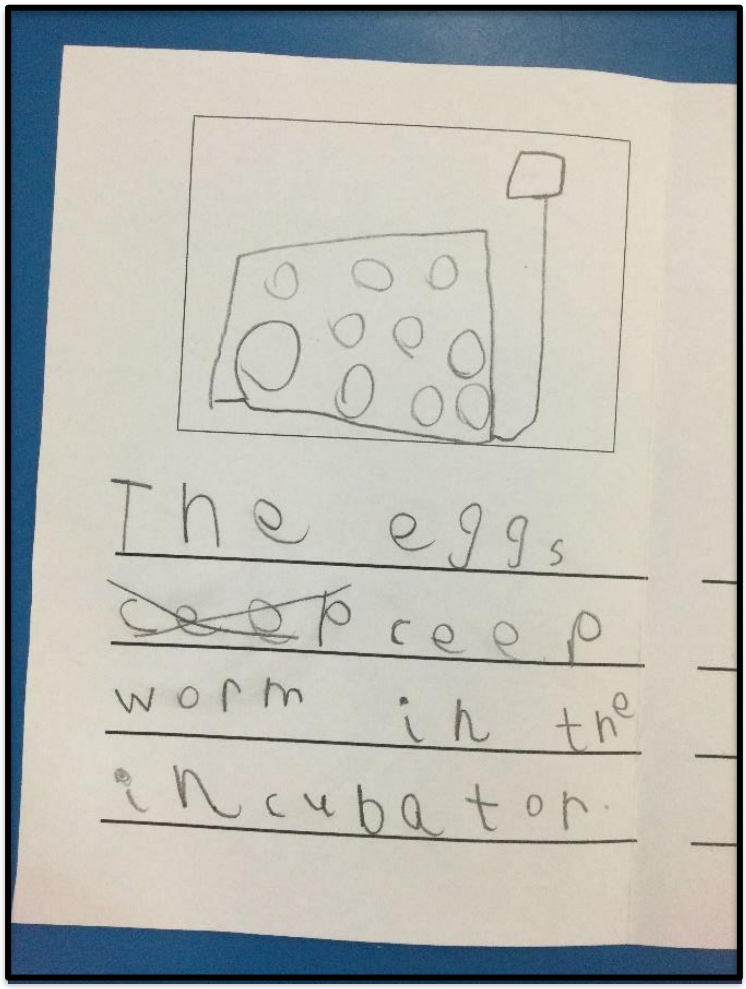

Dear Families,

This has been an incredible term! Sporting events such as the Mini Marathon and Tri-Golf Festival have complemented the pupils' hard academic work in class. The Y6 children impressed us all with their excellent behaviour and positive attitudes towards their national tests (SATs) and our after-school clubs such as Gardening, Fulham Football and Choir have provided the children with exciting enrichment opportunities. Trips to the local library, British Museum and the 4-night residential trip to Jamie's Farm in Lewes have been amazing learning experiences and staff have enjoyed taking pupils off-site to learn more about the world around them. A highlight of this term has been having 4 fluffy chicks hatch from eggs in Reception Class! Enjoy the photos!

Have a lovely sunny holiday – school reopens on Monday 1st June.

## YEAR 2 SPANISH BOOK PROJECT SUCCESS!

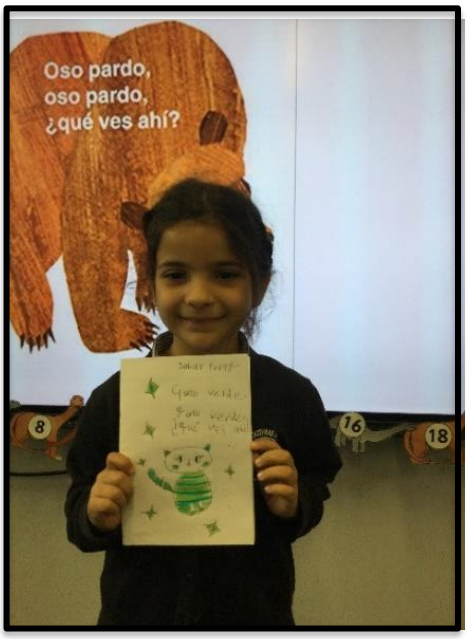

What an incredible achievement from our talented Year 2 children!

Over the past few weeks, the children have been working extremely hard on their Spanish book project. Using their growing language skills, they carefully wrote and beautifully illustrated their very own unique books entirely in Spanish! The creativity, effort, and enthusiasm shown by every child has been truly wonderful to see.

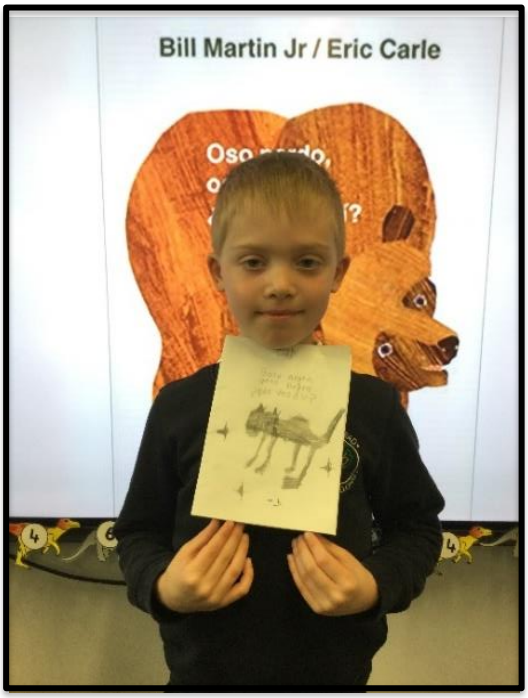

To celebrate their hard work, the children took part in a special “Book Tour,” reading their books to classmates, and some even visited Nursery to share their stories with the younger children.

This has been a huge achievement for Year 2. Not only have the children developed confidence in speaking and reading Spanish, but they have also shown fantastic creativity, resilience, and pride in their learning.

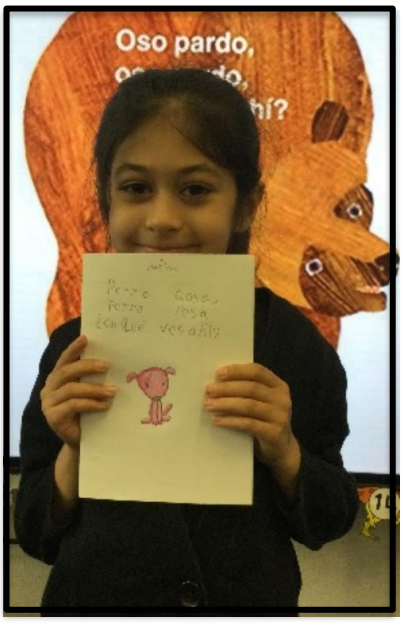

We are incredibly proud of all their effort and enthusiasm. Enjoy the photos on the next page. ¡Muy bien, Year 2!
